Middle School Summer Mission July 16- 22, 2017

This trip, better known as **JP**, is a weeklong mission experience in Winchester, VA geared EXACTLY to middle school students. It is a week where we stay in air conditioned cabins, boys separated from girls. Bathrooms are inside each cabin with showers. WE eat in a lodge where the food is cooked fresh daily (boy is it yummy!). WE are with other church groups, all doing the same things. In the morning we have prayer time called Morning Watch. We break into sub groups and go out daily, to job sites where the leader helps accomplish a task. Be it painting, or making a wheelchair ramp, or anything else, the main objective is to shine the light of Christ by visiting with the homeowners. In the evening there are worship services and skits. We are busy all the time.

On Wednesday, the group is granted a mid-week fun day. Grace will rent a pavilion at **Cacapon State Park, WV**. There is a lake where paddle boats, canoes and swimming are available for a small fee. PARENTS have typically come to join us at Cacapon, and provided a barbeque buffet, supported the chaperones and hear about their child's experiences. **Mark your calendar's now so you can join us Wednesday, July 20, 2017!**

If you are interested in having this experience, you will not regret your decision.
