

There are all kinds of ways for youth, 6th -12th grade, to make friends, have fun, and grow in their faith through the ministries here. We invite students in our congregation and community to come check it out. All of this youth ministry happens because of great student and adult leaders! Director of Student Ministries, Debbie Cali, and our adult small group leaders are passionate about young people's faith lives. The students on Youth Council work with staff and adult Youth Leaders to plan great events that help young people in the community and the church grow in their faith. Our youth also serve in mission and they help to lead worship as acolytes, musicians and readers. A few times each year, the students go on youth retreats for Middle School and High School for spiritual growth and fun times. Friends and visitors are welcome all the time!
