

August 26, 2019

Dear Parents,

GCLC will make Sunscreen available for your children during outdoor play times. We always encourage you to put sun screen on at home prior to arriving at school. For our friends who are with us for a longer day we may need to reapply sunscreen for the afternoon. You are welcome to send in your own sun screen, or you may use some of the sun screen we keep on hand at the school.

The state requires written consent for us to apply sunscreen for your child. Please complete the Consent Form and return to the school. If you bring in your own personal sunscreen please be sure to bring it to the office, teachers can not apply sun screen until we have completed all legal requirements regarding necessary paper work. Please clearly mark your child's sunscreen container with his/her first and last name.

Thank you,

Ms. Susan
