

Staycation Youth and Adult Edition

Let the Music Play

1. **Make your own Music Video**
GRACE is known for being the MUSIC CHURCH, we have so many talented people. SHARE YOUR GIFTS by making a video of you making your favorite music. People all over the world have used the ap, Tik Tock, to make their own music video. Feel free to send in YOUR favorite music video to office@umcgrace.org
2. **Reflect on a musical experience** you have had as a listener or a participant that was memorable. Remember how it influenced your relationship with music. Either write or tell someone about it in a phone call.
3. **Make your own kind of music** using a kazoo, or any instrument you can find to repurpose and play it along with your favorite song.
4. **FAITH IN ACTION:**
Talk to family members or friends and see where music talents run in the family. Some families love string or wind or sing or dance... look for similarities.
