

## MAY- NEWSLETTER

### **"BUSY BEES"**

We have enjoyed April Showers, but now we are ready for the sun!!! **BLOOMING BABIES** will soon be **BUSY BEES** as they enjoy more outside time at the playscape, garden play, chasing squirrels, catching butterflies and smelling flowers.

Our inside time will consists of painting flowers, singing, dancing, mixing colors to paint a butterfly and enjoying our reading time.

I am so proud of my "**BUSY BEES**" as they continue to grow, learn and prosper. It has been "my pleasure" being with your child during the 2021-2022 school year at **GRACE** .

Continue to look for important information in their folder as the school year winds down.
